Dear Mrs. Dodd:

At last Saturday's meeting of the Publicity-Tourist Bureau a special committee was appointed to study the request from the U. S. Army Engineers as to possible preliminary planning for recreational facilities behind Chief Joseph Dam.

I named L. B. Dick, chairman of this committee, which includes also, yourself, C. C. Dill, and Don McEachran.

Mr. Dick, no doubt, will be calling the committee together at an early date. We will be most grateful for any help you can give in studying this matter.

Sincerely,

Ward Walker
